Professional Ensembles

Westbound Situation

Mar 2017 to Present

Westbound Situation blends the precision of classical chamber music, the rhythmic drive of bluegrass, and the colorful expression of jazz into a new style of chamber music—chambergrass. The group, composed of Jacob Warren, double bass, Grant Flick, violin and nyckelharpa, Jake Howard, mandolin, and Zachary Brown, cello plays original instrumental music drawing on a wide variety of music styles. Professional responsibilities include education outreach, social media management, performing, arranging, composing, website design and management, and audio/video content production and editing. The group is managed by [Great Lakes Performing Artist Associates](#).

Warren & Flick

Jan 2017 to Present

Warren & Flick is a collaboration between multi-instrumentalist Grant Flick and double bassist Jacob Warren. Together they explore the nuanced textures of a two person ensemble. Using material that they have written and standards from many genres that they have arranged in a personal style, the group finds new depth in the simplicity of the duo. Professional responsibilities include, educational outreach booking, performing, arranging, composing, booking, social media management, and audio/video content production/editing.

Kittel & Co.

Mar 2022 to Present

Kittel & Co. is a grammy nominated string band led by violinist Jeremy Kittel. The group performs Jeremy Kittel's original and is well known in the classical and progressive string worlds.

Professional Audio/Video Engineering Experience

Since 2020, Warren has provided video and audio recording/editing services. Warren has cultivated a wealth of technical knowledge which he combines with his musicality and design sense to create high quality records that has him working with an impressive list of clients:

- Pacifica Quartet
- Pacifica Quartet with Anthony McGill
- [Atar Arad](#)
- [Danielle Belen](#)
- [Emile Naoumoff](#)
- Weiss Kaplan Stumpf Trio
- Zuill Bailey
- and more...

Warren is an active mentor at University of Michigan and Indiana University where faculty recommend his work to their students, not only because they know that the product will be great, but also for the guidance and experience he is able to provide when getting the best takes for competitions, auditions, and more. He has been invited to give formal presentations on music technology for performing musicians and students, passing on skills that are vital for contemporary musicians to promote their music. During the COVID-19 pandemic Warren was responsible for recording and live streaming several concert series. He continues to freelance as a recording engineer recording an average of more than one hundred days a year.
